

Another Chance

Above & Beyond

All I ask for
Is another chance
All I ask for
All I ask for
Is another chance
All I ask for I know time will come When I will learn to love again
I know time will come
When I won't hold on to the past
I know time will come When I will learn to love again
I know time will come
When I won't hold on to the past Only the brave find hope In a second Chance
Only the brave find hope
Only the brave find hope In a second Chance
Only the brave find hope..
