

# You Got Yr Cherry Bomb

## Spoon

Life can be so fair  
Let it go on and on  
I can push for good  
You got that cherry bomb  
Blow out that cherry bomb for me  
We lost it long ago  
You and me Now you know your way back from the spirit far  
Brush your teeth for bed  
Blow out that cherry bomb  
Blow out that cherry bomb for me  
You got to know it's on your sleeve  
Know it's on your sleeve  
Know it's on your sleeve (come on) It was the longest day that I had ever known  
I watched you start that drive alone  
Blow out that cherry bomb for me  
It's gonna burn right up your sleeve  
Burn right up your sleeve So there you go again  
Out in your dressing gown  
Get yourself to bed  
Blow out that cherry bomb
