everything is turning around for good in your life, turn around I say

everything is turning around for good in my life, turn around

everything is turning around for good in my life, turn around I say

everything is turning around for good in my life, turn around

in my life  
turn around  
turn around  
in my life  
in my soul  
turn around  
turn around  
in my life  
In my home  
turn around  
turn around  
in my life  
in my world  
turn around  
turn around  
in my life  
in my heart  
turn around  
turn around  
in my life  
turn around  
turn around  
turn around

in my life
