

# Don't Blink

**Relient K**

Don't know where to go from here  
My thoughts are tangled, twisted fears  
Been waitin' a while now on the dawn  
Seems like the sun may never come I made my way through the darkest night  
To the break of day on the other side  
For some time the light's been creepin' in  
Now I'm feelin' like I could trust again You're the only person who reminds me  
Love is beautiful and true  
Life is beautiful and new  
You're the only person who reminds me Hold on now don't you blink or it's gone  
I've been terrified of life for way too long  
Oh no now don't you blink or it's gone  
In another life who knows what we'd become? Love is beautiful and true  
Life is beautiful and new Been making plans and drawing maps  
I plan to take the righteous path  
And hope and pray it leads me back  
To all the happiness I had Been making lists and crossing off  
Every kiss that wasn't love  
And every word that stretched the truth  
Like when she said she loved me You're the only person who reminds me Hold on now don't you blink or it's  
gone  
I've been terrified of life for way too long  
Oh no now don't you blink or it's gone  
In another life who knows what we'd become? Hold on now don't you blink or it's gone (oh!)  
Oh no now don't you blink or it's gone  
In another life who knows what we'd become? Love is beautiful and true  
Life is beautiful and new Been making lists and crossing off  
Every kiss that wasn't love  
And every word that stretched the truth  
Like when she said she loved me
