

# Find Me

## Trafik

I know something's bound to change  
And I know I have been to blame  
Washing away this era of madness won't come and spread no shame  
'Cause I've been waiting watching and praying for you to go insane  
I've been

[Chorus:]  
Calling out, come on out and find me  
'Cause I've been waiting my turn  
Pressure's on  
Now your heart is beating  
To the sound of my name  
And I say  
Find me  
Find me  
Come on out and find me  
Find me  
Find me  
Pressure's on now

Feeling the fire burning the thought of calling back your name  
Maybe it's all different because I cease to play your game  
Forget the footsteps  
Forward and take one back  
Pray that you're secure, hey  
So now you're prying  
Open the binding  
I'm what you're looking for

[Chorus]

[Bridge:]  
This civil smile  
It won't get you, yeah, anywhere anymore  
Anymore,  
Anymore,  
Anymore

[Chorus]

[Shortened chorus:]

Calling out, come on out and find me  
'Cause I've been waiting my turn  
Pressure's on  
Now your heart is beating  
To the sound of my name,  
Come on out and find me

[The acoustic version ending:]

Callin out, come on out and find me  
'Cause I've been waiting my turn  
Pressure's on,  
Now your heart is beating  
To the sound of my name  
And I say

Deceitful smile

It won't get you, anywhere anymore  
Anymore  
Anymore  
Anymore, more, more  
Yeah, yeah!

Pressure's on,  
Heart is beating  
To the sound of my name  
Find me!  
I said, find me!
