Forsaken

Within Temptation

Now the day has come
We are forsaken this timeWe lived our lives in our paradise
As gods we shaped the world around
No borderlines we'd stay behind
Though balance is something fragileWhile we thought we were gaining
We'd turn back the tide, it still slips away
Our time has run out, our future has died
There's no more escapeNow the day has come, we are forsaken
There's no time anymore
Life will pass us by, we are forsaken
We're the last of our kindThe sacrifice was much too high
Our greed just made us all go blind
We tried to hide what we feared inside
Today is the end of tomorrowAs the sea started rising
The land that we conquered just washed away
Although we all have tried to turn back the tide
It was all in vainNow the day has come, we are forsaken
There's no time anymore
Life will pass us by, we are forsaken
Only ruins stay behindNow the day has come
We are forsaken this timeNow the day has come, we are forsaken
There's no time anymoreNow the day has come
The day has come
The day has come
