They just hate us
Probably because they ain't us
But I don't give a F
I keep it a hundred, A plus
Mood as fuck suit it up
I'm a all-star ready to go
I'm suited up
Oh yea we came to rock the house
There ain't no stopping now
Talk a lot you got cotton mouth
I got my haters block is out
And I have no doubt
We will keep on winning
But time is now and this right here is only the beginning

Yo where pulling up
OK we on the way
They talk a lot
I bet they run away
And I owned him
I don't here him anyway
So fuck the hater and
Fuck what he's got to say

Skylark crew

Moldov venkov I paint it so vively
You don't get the big picture
You don't know diddly
I don't need a interview
Taking over the industry
Invincible we go zero to infinity
Ow mad times rave bands
Blocked band pubs
To lit can't drop
After party in the camrod

Uh and I don't hide
I'm a say it to you're face
Cus haters gonna hate
And anus gonna ayyy

Yo where pulling up
OK we on the way
They talk a lot
I bet they run away
And I owned him
I don't here him anyway
So fuck the hater and
Fuck what he's got to say
