

# Long Slow Goodbye (Live Acoustic)

## Queens of the Stone Age

Where have you gone again my sweet?  
Everybody wants to know  
Where have you gone again my sweet?  
Everybody wants to know  
Where you gone? I'm just a ghost, I'm on your street  
Waitin', when you comin' home?  
Gone so long  
Where you gone?  
On a long slow goodbye?  
On a long slow goodbye... In every voice, I hear you speak  
Waitin' by the telephone  
I close my eyes, I just can't sleep  
Roll & tumble all night long  
All night long  
Where you gone? I close my eyes, I just can't sleep  
Where have you gone again my sweet? On a long slow goodbye?  
On a long slow goodbye... Goodbye
