There Was a Time

Cuff the Duke

There was a time the way life used to be
But nothing, nothing was going the way it's supposed to be
I saw the t.v. and I saw the magazines
But nothing came as clearly as what you said to me
Mom I'm not gay
Dad I'm not gay
I won't apologize you wouldn't want me to change
Baptized baby waters all been washed off me
But sincerely...
Mom I'm not gay
Dad I'm not gay
