

# Alone

## Jodeci

Girl where is our child  
Sent him to your mother's  
For a while  
All your friends are gone  
You know I sent them home  
Girl I live for you  
So I don't give a fuck about the news  
So please turn off the TV  
And if you give a damn about me  
I wanna hear you moan Let's be alone  
I wanna hear you moan  
Let's be alone  
So we can get it on  
Let's be alone Better than you and me  
Better than a damn movie  
Our love is so much fun  
Let's do some freaky shit  
And then I'll make you cum  
Nothing compares to us  
I love we have so much trust  
Tell me can you see  
I was made for you and you for me  
I wanna hear you moan
