If You Told Me To

Hunter Hayes

I've been searching for something true My heart says it must be you I'd love to fall and see it through But only if you told me to Well I'd run through the desert I'd walk through the rain Get you into trouble and take all the blame I'd paint you a picture Write you a song And I'd do it all over if I did it all wrongI don't want to steal you away Or make you change the things that you believe I just want to drink from the words you say And be everything you need Yeah, I could be so good at loving you But only if you told me to I've seen a lot of good love go to waste And I don't want to look back on these days Knowing all the things you'd never know If I never said a word and let you goI don't want to steal you away Or make you change the things that you believe I just want to drink from the words you say And be everything you need Yeah, I could be so good at loving you But only if you told me to I don't want to steal you away Or make you change the things that you believe I just want to drink from the words you say And be everything you need Yeah, I could be so good at loving you But only if you told me to Maybe this is something I'll never be But I'll be right here 'til you tell me...
