Body on Fire

Maggie Rose

I miss you, I need you
I want you to touch me
We don't have to speak
Let our bodies do the talking
Never get enough, never get enough
So bring me all your love
Hurry it up
Whatever you want
Got my permission
Tonight we can do anything
We can be everything we want to be
And I, I want to feel your lips
And give you all that you've been missing
Champagne rush straight to my head
Got me love drunk, laying in my bed
You don't even need to try
You just set my body on fire
You just set my body on fire
I'm reckless
Only you make me do this
No we can't stop it
And I don't want to stop baby
Never get enough, never get enough
So bring me all your love
Hurry it up
I want to give you, give you my attention
Tonight we can do anything
We can be everything we want to be
And I, I want to feel your lips
And give you all that you've been missing
Champagne rush straight to my head
Got me love drunk, laying in my bed
You don't even need to try
You just set my body on fire
You just set my body on fire
Never get enough, never get enough
So bring me all your love
Hurry it up
I want to give you, give you my attention

Tonight we can do anything
We can be everything we want to be
And I, I want to feel your lips
And give you all that you've been missing
Champagne rush straight to my head
Got me love drunk, laying in my bed
You don't even need to try
You just set my body on fire
You just set my body on fire
