

# Spilled Milk

## Djali Zwan

So I want you for me to die  
Hide your bloodveined eyes  
Swallow your loneliness  
The voice pressures in  
Your words that ask for me  
The joy of being needed  
I bite my nails just a little  
Hide your crying wrists  
The spilling milk  
The persistent cat becomes silent  
You don't want it but can't take your eyes off of the spilled milk  
Is that love ? Mistake ?  
I look at you just a little  
I picture the swaying vision  
Of the reality becoming real  
You test me persistently  
You get angry when I don't agree  
You lose yourself  
And I fall in love with you once again  
Can't be touched  
Won't be touched  
blind sorrow  
I know it's hard for you  
to wait for me, so don't cry, go ahead and sleep  
What do you want from me? If I say to you that you look beautiful, will you be able to sleep? You stare at the  
flowers by the window, without even blinking  
You want what you can't have, You wish to be pregnant  
But the only thing you can't hear is this child's...  
It's so dark and dark and dreadful  
Lets calm down with an old tale  
I am good at pretending to cry  
So I spill the milk and smile and I yell her the truth about not being  
pregnant  
Don't do an excessive thing.
