

Aloha Biggles and Starr

Steve Kilbey

YeahWe are the atoms of society
 Serve up meat as a delicacy
Your breast-fed heads, what a thing of shame
They got you dope, shoulder the blameYeahWe are the pillars of society
 Holding up the sign with a ceremony
 Faded old minstrels and truculent kids
Let them eat cake like their granddaddies didYeahIf they can't eat cake, give them sugar rose
 The stuff that killed the monkeys in the studio
 With the stuff that stuffed the donkeys at the taxios
Bye, sleep well, cheerioWe are the atoms of society
 We are the atoms of society
 We are the atoms of society
We are the atoms of societyWe are the atoms of society
 We are the atoms of society
 We are the atoms of society
We are the atoms of societyWe are the atoms of society
