Sweet Surrender

Bread

Baby I'm through, runnin' it's true
I'd be a fool to try to escape you

And maybe I'm beat, oh what a sweet surrenderYou keep your rights, I'll take your nights
No one can lose when we turn the lights out
And tastin' defeat, lovin' that sweet surrenderI'm givin' up myself to you
But I didn't really lose at all
I gave the only love I've known
And it never hurt me to fallNow that it's done, so glad you won
I know our lives have only begun
No more retreat, only my sweet surrenderHmm Babe I may be beat
Oh! What a sweet surrenderSurrender, and you sweet thing in my life
I surrender to you
