

# Promise Me

Sullivan

Did your arms grow those scars this July?  
Was it everything you'd thought it'd be?  
People kiss on while she broke her edge on the floor  
Was it what they call a good time?  
Did the girls find their face to the ground?  
He's passing out, while she's making out on the porch  
Let it go, what you know  
All we know, let it go  
And there's something about this routine  
That makes all of the girls not so clean  
We're looking after  
Our ex-girlfriends laughter, it's all I hear  
And I hope that you find a safe place  
To lay down the thought of your disgrace  
Don't look behind  
It's filthy you'll find those who line the walls  
Let it go, what you know  
All we know, let it go  
When he holds your hand  
Does he squeeze too tight?  
We both know these burns  
On your neck, don't insight  
Such horrible things  
Does his punishments sting  
Hide under your sheets?  
Hide under your sheets  
Oh, oh  
Oh, oh  
Oh, oh  
Let it go, let it go  
Watch you go  
Let it go, let it go
