

# Hear Me Now (feat. Diamante)

## Bad Wolves

I'm at the bottom, can you come let me up  
'Cause I wrote a vow for you  
Your friends are faded let me fill up your cup  
And toast to the stars overThe ocean's floor  
Emotions in the airI don't wanna live for nothing  
Just wanna be something  
I never knew what it took to win  
I don't wanna live for nothing  
Just wanna be something  
I never knew we'd be more than friendsWe spin the bottle till we're kissing our cups  
Felt like I'd die for you  
You can't explain it, it's been years since we've touched  
And I've waited none for you  
I don't wanna live for nothing  
Just wanna be something  
I never knew what it took to win  
I don't wanna live for nothing  
Just wanna be something  
I never knew we'd be more than friendsThe ocean's floor  
Emotions in the airI don't wanna live for nothing  
Just wanna be something  
I never knew what it took to win  
I don't wanna live for nothing  
Just wanna be something  
I never knew we'd be more than friendsWe spin the bottle till we're kissing our cups  
Felt like I'd die for you  
You can't explain it, it's been years since we've touched  
And I've waited none for you  
I don't wanna live for nothing  
Just wanna be something  
I never knew what it took to win  
I don't wanna live for nothing  
Just wanna be something  
I never knew we'd be more than friendsCome let me up  
Can you hear me now?  
About half a block away out  
Can you hear me now?The ocean's floor  
Emotions in the airI don't wanna live for nothing  
Just wanna be something

I never knew what it took to win  
I don't wanna live for nothing  
Just wanna be something  
I never knew we'd be more than friends  
Come let me up  
Can you hear me now?  
Come let me up  
About half a block away out  
Come let me up  
Can you hear me now?  
Come let me up  
About half a block away out  
Come let me up  
Can you hear me now?  
Come let me up  
About half a block away out  
Come let me up
