# Ghost In My Head

## Ikon

There's a ghost in my head
It keeps me alive
It drags me around
So I can surviveI listen to silence
I howl in my sleep
I do what I want to
Forever so deepThere's a ghost in my head
It's just passing through
There's a ghost in my head
And I wonder
Is it youThere's a look in my eyes
And a voice in my head
If I woke up without you
I would rather be deadI give no resistance
When I'm on my own
With or without you
I'm never aloneThere's a ghost in my head
It's just passing through
There's a ghost in my head
And I wonder
Is it youI see in the distance
I look to the skies
But when I look at you
I see your disguise
You're my ghost in my head
You've kept me alive
You've dragged me around
Now I have survivedThere's a ghost in my head
It's just passing through
There's a ghost in my head
And I wonder
Is it youFrom: This Quiet Earth & Ghost In My Headby Chris McCarter & David Sterry
