

December

American Supermodel

Verse

Oh I remember, times when you were beaten down in December

You dragged your soul around on the ground

God forgive him what he'd do, it must be hard to leave him on your own

Chorus
When your hope is gone

Hate eats you up then spits you out just like a stone

Fear hold you down and leaves you crying all alone

Verse
Only love can release you

If you can't seem to find the will, I beseech you

Just call and I'll be there

God forgive us what we do it must be hard to live life all alone

Chorus
Don't wait too long (2x)
You should cry

out when you hurt
All hope is gone

Chorus
God save you please and give you strength to carry on
