

# Pure Love

## Fury In The Slaughterhouse

I don't care about aids  
Don't need no safer sex  
I'm sharing my bed with the girl that I love  
When everyone else got the plasticmania  
I just feel skin on me  
Ohoho ohohoWell, the doctor said boy soon it gets you  
Sharing your bed with the girl you love  
But I'm closing my eyes and soon she gets me  
I just feel skin on me  
Ohoho ohohoJust pure love will satisfy youWeil, I'm riding with my chevi  
Down the san anton  
I got a girl on my knees and I call her my own  
I wanna stick it in, stick it out, stick it in  
But she won't let me in  
With my rubberless skin  
Ohoho ohohoBut just pure love will satisfy me
