My Side (feat. Nba Young Boy)

Lil Durk

[Intro: Lil Durk]
Ay now tell me real get back, this ain't no rap shit
You know what I'm sayin, my side different from these niggas, you know?
I told YoungBoy, this gon' be the perfect one
Set us apart from these niggas, we finna set the bar, you know?[Hook: NBA YoungBoy] (5x)
Where I'm from it ain't safe boy it's wild
Keep a gun cuz I gotta survive
Nigga better not come tweak on my side
Nigga know all my niggas gon' ride
[Verse 1: NBA YoungBoy]
Fuck who you is, give a fuck where you from
Nigga ain't comin' around in dat North
Fuck all that shit nigga I don't want talk
Where ever we at we gon shoot it out
I'm up in the hills and I just got house
Come where you at know you stay witch yo dawg
Don't shoot out the window hop out spill rounds
Hit everybody we gon wipe him out
[?] I gotta look out
I got 12 grams stuffed in a raw
Whole lotta guns up in this fuckin' car
Whole lotta fire ya we gon take em out
You been talkin' too reckless yo business on insta
I won't respond that ain't what I'm bout
Imma just keep it steady rockin' shows
I'm steady keep on drivin these cars
[Hook: NBA YoungBoy] (5x)
Where I'm from it ain't safe boy it's wild
Keep a gun cuz I gotta survive
Nigga bet not come tweak on my side
Nigga know all my niggas gon' ride[Verse 2: Lil Durk]
Lil' nigga, we used to roll with some motercats
Head [??] in the trenches like shoulder straps
Shoot at me, on your head, put twenty racks
Where your money at? Why you get over stretched?
[??] my niggas off drugs, on stronger acts
I won't change, I'm the same, I'm sober [??]
I just bought a brick and it cost a Patek
And if I say it's smoke, then they know it's stacked

My side, my side, that's [??]
From the part of the city, they're scared [??]
You would sell your own momma heroin (let's get it)
The kids that you raised that's [??] some
Ran off on the plug to a safe zone
Feds tapping all the Iphones
Goons lurking like a blast zone
Get it right before you die wrong[Hook: NBA YoungBoy] (5x)
Where I'm from it ain't safe boy its wild
Keep a gun cuz I gotta survive
Nigga better not come twerk on my side
Nigga know all my niggas gon' ride
