

# Now Girl

## Katchafire

Uhhh, Uhhh Since everyday  
in sensual ways  
I'm thinking of you, I'm thinking of you Conversation  
can lead to love making  
Every little thing you do  
and I must say Me love you now girl  
Me love you now girl  
Me love you, now girl  
Me love you now  
Feel me move  
cuz' it's over you  
Shall I slow it down  
spin you around? Let the tension  
raise the friction  
look into my eye Me love you now girl  
Me love you now girl  
Me love you, now girl  
Me love you now  
Me love you now girl (Every single day)  
Me love you now girl (Each and every way)  
Me love you, now girl (All time)  
Me love you now
