

Kiss 'Em All

Lace

There's a guy living on my street
He's kinda cute and really sweet
He said maybe we ought to go out sometime
I wouldn't mind Well there's guy down at work I've seen
We met today at the coke machine
He asked me my name and we talked some
Could be fun Ooh, how's a girl to choose?
Ooh, what's a girl to do? Gotta kiss 'em all, kiss 'em all, kiss 'em all
That's the plan for now
(That's the plan for now)
Gotta kiss 'em all, kiss 'em all, kiss 'em all
And let love sort 'em out
(Love will sort them out) A couple girlfriends and I
Went dancing last Friday night
A boy in a band dedicated a song to me
Flattery Started my head a spinning
Such sweet indecision
I could narrow it down but why would I?
I've got time Ooh, how's a girl to choose?
Ooh, what's a girl to do? Gotta kiss 'em all, kiss 'em all, kiss 'em all
That's the plan for now
(That's the plan for now)
Gotta kiss 'em all, kiss 'em all, kiss 'em all
And let love sort 'em out
(Love will sort them out) Ooh, sweet indecision
Whatcha gonna do?
Maybe I will, maybe I won't
I won't know baby if I don't Gotta kiss 'em all, kiss 'em all, kiss 'em all
That's the plan for now
(That's the plan for now)
Gotta kiss 'em all, kiss 'em all, kiss 'em all
And let love sort 'em out Just give me one
(Give me a one)
Give me a one
(Give me a one)
Give me one little kiss, yeah
What harm could that be? Just give me one
(Give me a one)
Give me a one

(Give me a one)
Give me one little kiss, yeah
What harm could that be? Just give me one
(Give me a one)
Give me a one
(Give me a one)
Give me one little kiss, yeah
What harm could that be?
