

All Is Not Well

Hannah Fury

Don't try to lie to me, I know
My love was politically disposed of
And I didn't see them coming
No, I didn't see them coming for you
For you

Don't try to lie to me, I know
Their crime will never be exposed
And if I had seen them coming
If I had seen them coming
What I wouldn't do for you
All is not well

All is not well
All is not well in the land of Oz
Don't try to lie to me, I know
My love was politically disposed of
And I did not see them coming
No, if I had seen them coming
I'd have chosen you
All is not well in the land of Oz
