

Glad All Over

Brian Setzer

Ain't no doubt about it, this must be love
One little kiss from you and I feel glad all over
 Ooh baby, hot-dang-dilly, it's so silly
But I'm glad all overI got goose pimples baby
 'Cause it feels so good
 When you cuddle me like you do
And I feel glad all overOoh mercy, I'm a real cool pappy and I'm happy
And I'm glad all overWell, your touch goes through me like electric fire
 Well, every part of me glows
 It don't take much lookin' to see what I got
'Cause it shows, it showsCome on honey, please one more time
 Every time you do, well, I feel glad all over
 Ooh mercy, hot-dang-dilly, it's so silly
But I'm glad all overWell, I'm tryin' to tell you, I'm cookin' inside
 When we're cheek to cheek
 And temperature's low but my fever is hot
I can't speak, I'm too weakCome on honey-bunny kiss me one more time
 Every time you do, well, I feel glad all over
 Ooh mercy, hot-dong-dilly, it's so silly
But I'm glad all overHot-dang-dilly, it's so silly
 But I'm glad all over
 Ooh, hot-dang-dilly, it's so silly
 But I'm glad all over
