

# Icarus Lives! (Zedo Remix)

## Periphery

Believe in memories to resurrect me Besieged by falling dreams  
Hold them tightly  
Adorn my wings to thee, and use them nightly I'm neither angel nor a demon spawn  
Though some will call me god  
Gravity is just a law I've wrought Hear temptation take the sky for all to see  
Sheer elation to write in history I'm neither angel nor a demon spawn  
Though some will call me god  
Gravity is just a feeble plot When I said I'd never kneel again  
What I really meant  
Was (fucking) pull the pin because time is spent I'm neither angel nor a demon spawn  
Though some will call me god  
Fuck Unite with ravens on their shadow flights  
As my nocturnal right  
Gravity is just a mortal's vice When I said I'd never feel or see  
Love and sight are last resorts for me
