

She's so Hot

The Planet Smashers

She's so hot
So god damn hot
She's dressed to say.
whoa, man!
She'll give you all she's got
So you want to be with her,
With someone so fine?
She really want a boss man
And to have a good time, with you
Oh she's a looker
She'll really knock you out
You've got to keep up with her
Or she'll run you down, look out!
