XXXTENTACION

Leave me alone, I wanna go home
It's all in my head, I won't be upset if
Leave me alone, I wanna go home
It's all in my head, I won't be upset if
Heartbroken, misspoken, breaking anything I touch
I'm not in love, I won't let you control what I want
Hate me, won't break me, I'm killing everyone I love
Hate me, won't break me, I'm killing everyone I love
Hey you, hey you, you, what, hey you
Hey you, you, what, you, you, you
Hate me, won't break me, I'm killing everyone I love
