White Clouds

DVBBS

Weâ€™re falling down but never hit the ground
We land on these white clouds
We fall in love but never safe and sound
Our hearts like to roam around

White cloudsâ€¦
We land on these white clouds

White clouds, white clouds

White cloudsâ€¦ white white clouds

Weâ€™re falling down but never hit the ground
We land on these white clouds
We fall in love but never safe and sound
Our hearts like to roam around

White cloudsâ€¦ white white clouds

White clouds, white clouds

White cloudsâ€¦ white white clouds
