## Yeti

## Caribou

I love your world

Where the winners might be sweet all around

Tell me your life.

Tell me what you'll be afraid of this nightIf you wanna take a look around

Please don't hit a man who understands

As the story goes you are the one

Run away in other place

In the night you're looking for to meet

And checking the man to get in fit

Just the story goes you are the one

Run away in other placeYeti, yeti, yeti, yeti

Yeti, looking a horrid man.

Yeti, living in other landI want your soul and I really like to seem to your heart

I feel with you and I know that you are living apart

If you wanna take a look around...
