Forevermore

David Archuleta

There are times when I just want to look at your face
With the stars in the night
There are times when I just want to feel your embrace
In a cold night
I just can't believe that you are mine now
You were just a dream that I once knew
I never thought I would be right for you
I just can't compare you with anything in this world
You're all I need to be with forevermore
All those years, I long to hold you in my arms
I've been dreaming of you
Every night, I've been watching all the stars that fall down
Wishing you will be mine
I just can't believe that you are mine now
You were just a dream that I once knew
I never thought I would be right for you

I just can't compare you with anything in this world
You're all I need to be with forevermore
Time and again
There are these changes that we cannot end
As sure as the time keeps going on and on
My love for you will be forevermore
Ohhh, yeah---ey
I just can't believe that you are mine now
You were just a dream that I once knew
I never thought I would be right for you
I just can't compare you with anything in this world
As endless as forever
Our love will stay together
You are all I need to be with forevermore
Forevermore
You are all I need to be with forevermore
Hmmm---yeahh---yeah
