

# The Way Things Had To Be

## Commander Venus

Why do we always end up like this?The same position on the couch  
Staring into each other's eyes  
But do we have to talk about this now  
And do I have to feel like crying?Because I, I don't want to run  
And don't come back again  
We could have avoided this  
Five desperate hours pass  
And now we know the truth  
That I can't learn to love youSo desperate I can taste it  
Wishing things were different  
But still I cannot change  
Run, and don't look back againThere's nothing left to see  
These empty months have proved  
My inability to treat you  
Like you deserve to be treated  
But then you can't expect me  
To change who I amSo from now on I will not leave myself  
Open to needing someone  
And trust is not the answer  
That's just what we do when  
We can't stand to be alone again
