

Into the Dark (Original Mix)

[Khai](#)

Something in the dirt is looking up at me,
I've got enough to hide, I need the space to breathe
need a break in my heart, let my emotions freeze
need to bathe my mind without the drowning please
Gotta get away from the dark
Enter Ethers down below my
deepest dreams
I could light up the dark,
Glow! I'm a laser beam
Not a fake, I burn bright
between the holes downstream
If I gave you my heart
would you go dark with me?
Gotta Get away...
