Gonna Make You Dance

Alyssa Reid

I've always been the biggest
fan my momma
said i could do anything
well i just wanna say
I've bin waiting here all night
i came to hear my song
you cone here for just one thing
to take somebody home
But i'm married to my music
Yes it's just him and me
can't forget my girls
were all about this melody
do you wanna rock with me
dance with me
thats all i'm gonna do
Don't pressure me
talk to me
i'm not leaving here with you
do you wanna rock with me
dance with me
that's all i'm gonna do
Don't pressure me
talk to me
i'm not leaving here with you
i'm gonna have some fun now
some fun fun fun
gonna make you dance now
just dance dance dance
I know my lifes not perfect
but its when i feel the beat
it gets my body moving
yes it sets a fire in me
And i forget about my problems
forget about the fight
i don't even care right now
i'm dancing through the night
do you wanna rock with me
dance with me
thats all i'm gonna do

don't pressure me
talk to me
i'm not leaving here with you
do you wanna rock with me
dance with me
thats all i'm gonna do
Don't pressure me

talk to me
i'm not leaving here with me
see you on the dance floor
meet you on the dance floor
i'll meet you on the dance floor
meet you on the dance floor
meet you on the dance floor
meet you on the dance floor
meet you on the dance floor
meet you on the dance floor
