I Know

Evidence

I have been lost in my life
And I mean over and over again
But there was something inside me that felt so right
You and music were my only friend
You were always there along the way
With every breath and every step I take
I can leave you alone but I'll never leave you
I can't tell you a lie and I'll never deceive you
I can hold on forever and never let go
I know that you know, I know that you know, I know
You are the voice inside me
That tells me over and over again
That my spirit can fly me, won't deny me
And there'll be no beginning or end
There are angels singing in the sky
They see our love and give us wings to fly high, yeah
I can leave you alone but I'll never leave you
I can't tell you a lie and I'll never deceive you
I can hold on forever and never let go
I know that you know, I know that you know, I know
Can't imagine livin' in this world without you here
Do you know what that makes me, baby?
Like an animal that's running from the scent of fear
All me paranoid but I'm not crazy, I know, you know it's true
We're never apart, we are one heart
I'll love you over and over and over and over
I can leave you alone but I'll never leave you
I won't tell you no lies and I'll never deceive you
I can hold on forever and I won't let go
I know that you know, I know that you know, I know
And I'm never letting go, baby, I know that you know, I know
