

9 Lives (intro)

Kat Deluna

ohhh ohhh ohhh

They say a dream is a fantasy,
For some is just an illusion,
Sometimes a dream is hard to reach
Now you see for me a dream is all I had

It had to be my reality.

It was my only right out of poverty, and the suffer of life,

So I could even see my dream far away

But thank God he use my given talent to help me step up on this big stage where I am going to share and
showcase my gift and passion for music, Now world here I am

Come share my joy and listen to the first chapter of me Kat Deluna

GNB let the southern begin

9 lives hahahahaha (laugh)
