

Up (remix)

Justin Bieber

[Justin Bieber]It's a big big world

It's easy to get lost in it

You've always been my girl

And I'm not ready to call it quits

We make the sun shine in the moon light

We can make the gray clouds to the blue skies

I know it's hard

Baby believe me

That we can't go

Nowhere but up

From here

My dear

Baby we can go nowhere but up

Tell me what got to fear

We'll take to the sky pass the moon to the galaxy

As long as you are with me baby

Honestly with the strenght of our love

We can go nowhere but up

[Chris Brown]It's a big big world

Girl I'm gonna show you all of it

I'm gonna lace you with pearls

From every ocean

That will swimmin in

We make the sun shine in the moon light

We can make the gray clouds turn the blue skies

Yeah I know it's hard

But baby believe me (oh)

That we can't go

Nowhere but up

From here

My dear

Baby we can go nowhere but up

Tell me what we got to fear

We'll take it to the sky past the moon to the galaxy

As long as you're with me baby

Honestly with the strenght of our love

We can go nowhere but up

[Justin Bieber]Baby we were underground

We're on the surface now
We gonna make it girl
I promise
If you believe in love
And you believe in us
We can go nowhere but up
Baby we can go
Nowhere but up
From here
My dear
Baby we can go nowhere but up
Tell me what we got to fear
We'll take it to the sky past the moon to the galaxy
As long as you are with me baby
Honestly with the strength of our love
We can go nowhere but up
Nowhere but up
Nowhere but up
Yeah
Nowhere but up
