

# Zero Zero

## Gerard Way

I try to love that way  
Of getting information  
I gotta walk away  
Share like a suffocation Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero-oh-oh-oh-oh-oh-oh Another cloudy day, another observation  
They keep my DNA  
Down by the record station Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero-oh-oh-oh-oh-oh-oh  
Come on You'll be coming around,  
And and give me lots of station  
Oh-oh-oh  
And you'll be hanging around, until you go and make up  
Like any social disease, it give me teenage razors  
Like any social disease, it give me higher fazers To gather loss and wait  
give me some information  
Shake out and walk away  
Share like a suffocation Call me zero, zero, zero  
Call me zero, you are zero  
Call me zero, zero, zero  
Call me zero, you are zero Call me zero, zero, zero  
Call me zero, I am zero  
Call me zero, zero, zero  
Call me zero, I am zero-oh
