Doctor Doctor

Barclay James Harvest

Doctor doctor, tell me if you can
What is wrong with me, I can't seem to find the key
Doctor doctor, I'm begging on my knees
Won't you tell me please, what could be my malady?When I'm down feeling kind of low
I don't want to be the last to know
When I'm down crawling cross the floor
I don't want to be, I can't stand to be the last to knowDoctor doctor, help me through the day
Give me something natural
I can depend on
Doctor doctor, it's something that I needIt's a natural panacea
Like a cure for every fear
It's some of her sweet love
Mixed up with her young blood
True love and devotion
What a wonderful potion, tonight, tonightDoctor doctor, why am I alone
Listening to my heart beating through the cold dark night
Doctor doctor, I'm shaking in the gloom
Could this be defeat, please don't stop, don't miss a beatWhen I'm down feeling kind of low
I don't want to be the last to know
When I'm down crawling cross the floor
I don't want to be, I can't stand to be the last to knowDoctor doctor, help me through the day
Give me something natural I can depend on
Doctor doctor, it's something that I needIt's a natural panacea
Like a cure for every fear
It's some of her sweet love
Mixed up with her young blood
True love and devotion
What a wonderful potion, tonight, tonight
