

# Doctor Doctor

## Barclay James Harvest

Doctor doctor, tell me if you can  
What is wrong with me, I can't seem to find the key  
Doctor doctor, I'm begging on my knees  
Won't you tell me please, what could be my malady? When I'm down feeling kind of low  
I don't want to be the last to know  
When I'm down crawling cross the floor  
I don't want to be, I can't stand to be the last to know Doctor doctor, help me through the day  
Give me something natural  
I can depend on  
Doctor doctor, it's something that I need It's a natural panacea  
Like a cure for every fear  
It's some of her sweet love  
Mixed up with her young blood  
True love and devotion  
What a wonderful potion, tonight, tonight Doctor doctor, why am I alone  
Listening to my heart beating through the cold dark night  
Doctor doctor, I'm shaking in the gloom  
Could this be defeat, please don't stop, don't miss a beat When I'm down feeling kind of low  
I don't want to be the last to know  
When I'm down crawling cross the floor  
I don't want to be, I can't stand to be the last to know Doctor doctor, help me through the day  
Give me something natural I can depend on  
Doctor doctor, it's something that I need It's a natural panacea  
Like a cure for every fear  
It's some of her sweet love  
Mixed up with her young blood  
True love and devotion  
What a wonderful potion, tonight, tonight
