Two letter synonym for lost, that's me
And a three letter word
That rhymes with through
Oh, I get it
That's you Never believed in horoscopes
But to the left of the ad
For a new dishwashin' soap
Dear Abby's got some good advice
For a troubled couple lost in paradise In the livin' section
Page two What's four down and twelve across?
Two letter synonym for lost that's me
And a three letter word

Oh, I get it
That's you, that's me, that's us Sometimes love ain't enough

Why did we give up? What's four down and twelve across?
