

# Caroline

[Kim Mitchell](#)

I'm gonna ride out this love wave  
Breaking in my mind Caroline  
Calling out loud I say wait  
I want to know where I'm going Is it too late  
For my love to be ever showing?  
Is it too late  
For my love to be ever growing?  
Is it too late? Hold it  
Caroline I'm fading I'm fading I'm fading I'm fading  
Away from love  
Hold it  
Caroline I'm breaking I'm breaking I'm breaking  
Away from love Is it having the pain  
That doubles the heart  
Or is it having the heart  
That doubles the pain All the signs say  
It's having the heart  
Yes, it's having the heart  
That doubles the pain
