

# Asking For a Friend

## The Foreign Exchange

(Work)(Work)(Work)(Work)  
(Work)(Work)(Work)(Work)  
(Work)(Work)(Work)(Work)  
(Work)(Work)(Work)(Work)I have no time to socialize

You silly fools, I sympathize;

I work.

(Work)

My fancy car, my lovely flat  
No leisure time, no time for that;

I work.

(Work)

In my city, they have the ball  
But no, not me, 'cause after all,

I work.

(Work)

My friend Paul has something by  
So where's the party; he'd like to try  
And work.

(Work)Tell me where's the party

I don't know I'm asking for a friend!

And if you like to party,

We can hit the floor and go again!Tell me where's the party

I don't know I'm asking for a friend!

And if you like to party,

We can hit the floor and go again!(Work) On your toes,

Move your body as you're supposed

To work.

(Work your body)(Work)(Rock that body)

You weigh your hearts along your sleeve

I scoff at you 'cause I believe

In work.

(Work that body)(Work)(Work your body)

Big bottomed girl, her name's Yvette;

She's so, so fine, I'm going to get

This work.

(Work your body)(Work)(Hurt somebody)

My best friend Paul is a bit of shripe(?)

But wants to find a body tonight.

Let's work.

(Work that body)(Work)(Rock that body)Tell me where's the party  
I don't know I'm asking for a friend!  
And if you like to party,  
We can hit the floor and go again!Tell me where's the party  
I don't know I'm asking for a friend!  
And if you like to party,  
We can hit the floor and go again!Tell me where's the party  
I don't know I'm asking for a friend!  
And if you like to party,  
We can hit the floor and go again!Tell me where's the party  
I don't know I'm asking for a friend!  
And if you like to party,  
We can hit the floor and go again!  
(Rock your body)(Work)(Move with me) [2x]  
(Rock your body)(Work)(Move that body)  
(Rock that body)da, da da, da, da da, da da...  
da, da da (da da!), da, da da (da da!), da da (da, da da da!)...  
da, da da (da da!), da, da da (da da!), da da (da, da da da!)...  
da, da da (da da!), da, da da (da da!), da da (da, da da da!)...  
da, da da (da da!), da, da da (da da!), da da (da, da da da!)...  
[repeat until end]
