

# Trophy Eyes

## You Me At Six

Where did we go so wrong that we couldn't see  
That we lost control over everything?  
It's personal, she gets involved, we've got these faces  
They're painted so you can't ever sell Trophy eyes, you've now been mine  
For longer than I'd like  
You shine so bright behind those lies  
And I need you more this time And I am on my own but not for long  
I keep my friends so close and you even closer  
So wrong to say that I feel this way  
But I'm a man of my words and my words will never change Trophy eyes, you've now been mine  
For longer than I'd like  
You shine so bright behind those lies  
And I need you more this time
