

# Steady Now

Brandon Heath

Theres an air everywhere  
Of inconsideration and despair  
I dont consider you and you dont consider me  
And its well understood that we dont care You know we dont have to wait until the end of the night  
Just to say that somethings wrong and maybe nobodys right  
Were all victims in a battle we never had to fight  
Its okay, its alright, steady now  
Were in this thing together, were in this together I regret that I forget  
Confessions always seem to stay unsaid  
And maybe I worry that youll forsake me  
Use my shame as a weapon and go on and break me You know we dont have to wait until the end of the night  
Just to say that somethings wrong and maybe nobodys right  
Were all victims in a battle that we never had to fight  
Its okay, its alright, steady now  
Were in this together Cause I want to take the time to say Im sorry  
I havent loved you the way I should  
Do you think that you could forgive me?  
Just try to hear me, I, I need you with me now You know we dont have to wait until the end of the night  
Just to say that somethings wrong and maybe nobodys right  
Were all victims in a battle we never had to fight  
Its okay, its alright You know we dont have to wait until the end of the night  
Just to say that somethings wrong and maybe nobodys right  
Were all victims in a battle we never had to fight  
Its okay, its alright, steady now  
Were in this together, steady now
