Fuzzy Birds

Super Furry Animals

(Bunf:)
Hamster, turnin' round in your wheel
I've got something to tell you:
I can harness your feel
Dynamo for electricity
You empower my feelings
Give me light for me to see
(Stavros:)
So won't you give me some food?
I really need to get some energy in me
Give me some
I really need to get some energy in me
Give me some
The world is turning, kicking, screaming 'round my little head
To spread it on my bread
Don't you know that I spread it on my bread?
(Bunf:)
Rest yourself you've been long on your feet
If I buy you a matchbox
Will you keep it all neat?
Radiate, you're no flash in the pan
You're the battery incarnate
I'm an innocent man
(Stavros:)
So won't you give me some food?
I really need to get some energy in me
Give me some
I really need to get some energy in me
Give me some
The world is turning, kicking, screaming 'round my little head
To spread it on my bread
Don't you know that I spread it on my bread?
