

# Victory

## Deliverance

An innocent man's blood was shed  
Foretold this was in past  
It will cleanse the people of their sin  
Forever the covering lastsThe sacrifice has now been made  
We are saved by His blood  
Having done all to stand  
In victory from aboveThere is a fountain filled with blood  
Drawn from Emmanuel's veins  
The price has now been paid  
For youThe time has come for you to choose  
Choose whom you will serve  
As for me and my band  
Christ we have chose to serve
