

Devil House

Shonen Knife

It was very dark from a sudden thunderstorm
Two of went on a romantic drive
We lost our way and we got wet in the rain
Finally found our way to the Devil houseTime warp, time trip
Time warp, time tripIt was a Devil house, I saw it once on TV
It was a Devil house and it was very scary
Devil house, Devil house
Devil house, Devil houseIm so scared, she said with her shaking lips
Please come inside, said a butler with a funny look
The hands of the clock kept turning all around and round
Down the hall there was a square dance partyTime warp, time trip
Time warp, time tripIt was a Devil house, I saw it once on TV
Just as Devil house but it was very very scary
Devil house, Devil house
Devil house, Devil house
