Here With You

Faderhead

You were my favorite poster
Hanging on a wall and just like a roller coaster
You kept me waiting for a fall
A surprise I expected and protected
Like it was all I ever knew
In your eyes you selected me
The same way I chose you
The same way I chose you
I kept you like a secret
And everything I went through
You would not believe it
To keep your face up on my wall
From my mom I defended and pretended
That you were no big deal
'Cause to her you were paper
But in my eyes you were real
In my eyes you were real
I'm so in love with you
My mind is set on you
This time and every time
I just can't get enough of you
And when I'm stuck at home
They think I'm all alone
Don't know what I would do
If they knew I was here with you
Here with you, here with you
Here with you, here with you
Here with you
If they knew I was here with you
You came in my life
At a time I was down
You colored the world
And turned it around

And I can't believe
It's all that I need, it's true
And I don't wanna fight this
I'm so in love with you
My mind is set on you

This time and every time
I just can't get enough of you
And when I'm stuck at home
They think I'm all alone
Don't know what I would do
If they knew I was here with you
I'm so in love with you
My mind is set on you
This time and every time
I just can't get enough of you
And when I'm stuck at home
They think I'm all alone
Don't know what I would do
If they knew I was here with you
I'm so in love with you
(Here with you)
My mind is set on you
(Here with you)
This time and every time
I just can't get enough of you
And when I'm stuck at home
(Here with you)
They think I'm all alone
(Here with you)
Don't know what I would do
If they knew I was here with you
