[Intro]

Uh huh, ain't nothin' but some money coming through this motherfucker

You know that bankroll

Yeah, ain't nothin' but money coming through right now, ya feel me

I'm laughing at these sucker ass niggas[Verse 1]

Black Medusa shades

Everybody ski'd up like we 'bout to shoot the stage

Everybody working, everybody getting paid

All these hoes fucking, all these hoes getting slayed

Young trap nigga, soon I'ma get a maid

I used to have roaches in my cereal, I couldn't eat

Straight up out that gutta, straight up out that gutta nigga

Heart of a hustler, that why I don't trust a nigga

Any motherfucker, I ain't trying to lose count

Vacuum seal 'em up, I hit that bitch with the stamp

Been working all day long cause all day long I been workin'

I got this shit right here so really you can stop the searchin'

I got the ski mask on, you fuck around and yeah we murkin'

You know I'm plug surfin', my partner syrup servin'

Don't tell 'em that we servin' cause these niggas be making me nervous

I gotta keep it on me, try me, murk ya ass on purpose[Hook]

All we do is trap, all we do is trap

All we do is trap, all we do is trap

I wouldn't be where I was at if I didn't fucking trap

I don't leave a trap, I stay down just to make it happenAll we do is trap, all we do is trap

All we do is trap, all we do is trap

I wouldn't be where I was at if I didn't fucking trap

I don't leave a trap, I stay down just to make it happen[Verse 2]

Stayed down to get it, grinded from a fifty

Then I got it up, I had my niggas with me

Used to use the razor, cut it down the middle, use to shave the edges, make sure he get 'em

Never had a plug, grinded out the mud

357 is the fucking judge, mothafuck the judge

Wish I had a plug

You wish you were connected, you wish you were respected

I'm in this mothafucka lettin' it fly, I got these bitches naked

She tryin' to show off cause I'm in here, bitch you ain't that sexy

I'm in this mothafucka ballin', yeah I been flexing

I got this ice all on me bitch I think I'm Wayne Gretzky

I got that ice all on me bitch I think I'm Wayne Gretzky
I got another bitch, she got a bitch, that bitch a lesbian
I love the way she fucking, yea she fuck me good, she sex'd me
